**Happy New Year**

The staff at *Newfoundland Personnel* want to say thanks for making us the “Premier Full Service Staffing Company” in the Province. Because of you, we are proud to have completed our 23rd *successful year* in business  
**1983-2006**

There are effectively 5 elements to a job posting:

1. **The Job Title:** a good title sells the opportunity to the job seeker and acts as a billboard to capture the interest of the reader
2. **Education & Experience Requirements:** have the minimum requirements posted
3. **Software & Certification Requirements:** have minimum requirements posted
4. **The Job Description:** need to give a clear picture of the position and focus on what a person will be doing.
5. **Contact Information:** how you would like to receive the information (in what format) as well as any other information you would require.

It takes time and effort to compile a “good” ad in order to attract the right candidates - or it takes 2 minutes to phone 579-3400 and place your order with Newfoundland Personnel. We **guarantee all** our placements.

**Why, Why, Why?**

- do we press harder on a remote control when we know the batteries are getting weak?
- do banks charge a fee on “insufficient funds” when they know there is not enough?
- do you never hear father-in-law jokes?
- doesn't Tarzan have a beard?
- do they use sterilized needles for death by lethal injection?
- Do people believe you when you say there are 4 billion stars but check when you say the paint is wet?

It's never too early to plan your vacation! Call **579-3400** and ask for your complimentary Vacation Planner. We want to supply your vacation replacement.
